

STATEMENT OF PURPOSE

RS27535 / H0472

This legislation would ensure uniformity and certainty to Home-builders as they build personal dwellings of 4 unites and under, nullifying the need to install a sprinkler system. Currently in Idaho most counties allow this sprinklerless situation, but that position differs from the International Building Code and some local policies. These political entities require sprikler systems on all personal dwellings larger than 2 unites. We want to provide Statewide consistency and confidence in the bidding process with this legislation .

FISCAL NOTE

There is no impact to the General Fund because it is only intended to be relevant towards contractors and the other related agencies.
